remitted in consolidated sums to the Accountant-General, Bengal, by means of Remittance Transfer Receipts, together with a covering letter containing the names of the candidates. If there is only one accepted candidate and the amount to be remitted is thus less than the minimum amount for which a Remittance Transfer Receipt can be issued, the amount may be remitted to the Accountant-General, Bengal, by money order, at Government expenses.

16. It must be distinctly understood that the passing of this examination does not give any claim to appointment as a Divisional Accountant, and that applications for appointment should not be addressed to the Principal. The passing of this examination is a necessary qualification, but the establishment of Divisional Accountants is mainly recruited by selection from amongst qualified clerks actually employed on accounts duties in the divisional and subdivisional offices of the Public Works Department or in Civil Audit offices. A small number of graduates of Indian Universities and other persons of superior and special qualifications who may have passed the public examination, may, however, be appointed direct by the Accountant-General—*vide* paragraph 4 of Appendix 2.

17. These rules may at any time be amended or revised by the Auditor-General, who reserves to himself the power to grant exemptions from the public examination in very special cases. No general revision of the rules affecting the subjects of the examination or the necessary qualifications of candidates will be enforced until three years have elapsed since the date of such revision.

NOTE 1.—Applications for these rules should be made to the Accountant-General of the Presidency or Province in which the candidate lives.

NOTE 2.—The question paper of previous years may be obtained from the Officer-in-charge of the Book Depot, Writers' Buildings, Calcutta, on pre-payment for each complete set of four sheets to five annas, if sent by post.

NOTE 3.—All communications to the Bengal Engineering College should be addressed to the *Principal, Bengal Engineering College, Botanic Garden P. O.*

DEPARTMENT OF AGRICULTURE.

GROUNDNUT CROP OF 1927—SECOND FORECAST REPORT.

The area sown with summer groundnut in the districts of South Arcot, Chittoor, North Arcot, and Tanjore up to May 1927 is estimated at 85,800 acres against 81,500 acres estimated on the corresponding date of last year. The increase is general and is due to the high price for groundnut.

The harvest of the crop has just begun in parts. Normal yields are expected in South Arcot and Tanjore and yields below normal in Chittoor and North Arcot where the crop has been affected by drought. The yield is estimated at 48,800 tons against 44,500 tons last year.

2. The area sown up to July 1927 with the early crop of groundnut in the districts of Salem and Coimbatore is estimated at 149,000 acres against 115,000 acres estimated on the corresponding date last year or an increase of 30 per cent. The increase is due to good sowing rains. The yield is expected to be normal in Salem and slightly above normal in Coimbatore. The yield is estimated at 77,000 tons against 51,800 tons last year.

3. Figures by districts are given in the statement appended.

SUGARCANE CROP OF 1927—FIRST FORECAST REPORT.

(On an average of the five years ending 1925–26, the area under sugarcane in the Madras Presidency has represented 4·3 per cent of the total area under sugarcane in India.)

The area planted with sugarcane up to the end of July 1927, is estimated at 87,900 acres against 92,800 acres on the corresponding date of last year, or a decrease of about 5 per cent. The reduction in area occurs in most districts and is due to the partial failure of the north-east monsoon rains in the previous year and to the scarcity of water in irrigation sources.

2. The condition of the crop is generally fair. In parts of South Arcot, Chittoor, and North Arcot, the crop suffered from insect attack.

3. Details by districts are given below:—
